T/A:**

Dino,
I just wanted to thank you and your team for their outstanding performance at the DHTI, Hydrobon, and BTX reactors. Your team completed

dumping, removing / repairing scallops and standpipes, loaded, set and torqued the heads on all (5) reactors associated with the East T/A's without an incident and ahead of schedule. The attitude of all of your employees was professional and their work ethic was excellent. We are pleased to have you guys work in our facility and are looking forward

to using your services during our next outage.

Please pass my appreciation on to all of the guys that worked on this outage.

Thanks again!
