

SPECIALTY TANK SERVICES

A DIVISION OF CATSPEC, LTD.

Specialty Tank Services can provide your company with turnkey repair and maintenance services for tanks within the chemical, petroleum, wastewater, and liquefied gasses industries nationwide. With over 100 years of combined experience, specialty tank services recognizes that the requirements of tank modification and repair are unique and often require an innovative solution.

STS specializes in repair and maintenance projects such as:

- Full Service Tank Repair (API 653)
- Seal Replacements
- Secondary Containment and Leak Detection
- Floating Roof Repair and Replacements
- Nozzles, Manways, and Appurtenances
- Floating Roof Seal Systems
- ASME Code Repair
- Cathodic Protection
- Cut Down, Move, and Re-Erect
- Field Inspection of Bolted, Shop, and Field Welded Tanks
- Bottom Annular Rings
- Field Blasting and Coating
- Tank Linings
- Cone Roof Replacements
- Shell Repair and Replacements
- Roof Drain Systems
- Demolition and Removal
- Testing
- Cleaning and Painting
- Complete Tank and Bottom Replacements

In addition to providing turnkey maintenance and repair services, STS also provides the installation of structural steel, maintenance platforms, stairways, and walkways on tanks.
